Implementation...

Step 1:

Based on role, goals and greatest opportunities identify your individual top 10 activities.

Step 2:

Review list regularly during daily huddles, 1-on-1's and employee reviews to train, motivate and hold yourself and team accountable for contributing to the growth and success of the med spa.

Step 3:

Track and reward when employees consistently perform revenue generating activities.

By actively engaging in any of these activities, you can maximize downtime and transform gaps into revenue generating opportunities and patient satisfaction.
